IC24

CAPABILITY STATEMENT

Zero trust engineering for federal agencies

Zero Trust, Delivered.

IC24, a dba of Intelligent Cloud, LLC · Founded 2024 · Warrenton, VA

COMPANY OVERVIEW

IC24 is a federal-focused engineering firm delivering zero trust, identity, and automation. Our certified engineers design, deploy, and operate the Zscaler platform for agencies that need it to work the first time, from first policy to full rollout. We work directly with agencies and as a teaming partner to prime contractors.

CORE COMPETENCIES

Zero Trust

- Zscaler ZIA, ZPA, ZDX, Zero Trust Branch, Cloud & Branch Connector
- Readiness reviews, policy design, phased rollout
- Legacy VPN replacement; commercial and government cloud

Identity

- Identity engineering for zero trust environments
- Okta and Microsoft Entra ID integration
- SCIM provisioning and SAML single sign-on

Automation

- Zero trust policy as code, version-controlled in Git
- Automated access tests; pipeline deployment via vendor APIs
- Pulumi or Terraform; one-step rollback

Operations & Secure Cloud

- Tier 2/3 operations: tuning, change control, drift detection
- SIEM log integration (Cribl, Datadog, Microsoft Sentinel)
- Workload protection in AWS and Azure Government

HOW WE DELIVER

01
Assess
Inventory users, devices, apps, and flows; map to zero trust pillars; deliver a phased plan with success metrics.

02
Deploy
Build and test policy, integrate identity, and roll out in waves sized to your help desk.

03
Operate
Tier 2/3 support after go-live, with health reviews and roadmap sessions.

DIFFERENTIATORS

- **Zscaler-certified** engineers
- **Automation-first**, tested policy
- **One team**, assessment to operations
- **Small, senior team**, easy to work with
- **Senior architects**, every engagement
- **Repeatable** wave-based playbooks
- **AI-assisted,** human-approved
- **Documented** as-built deliverables

WAYS TO TEAM

Zero trust workstream
We own design, rollout, and operations under your prime.

SME augmentation
Senior architects and engineers embedded in your team.

Tier 2/3 operations
